

FENEVISION ERP EXTENDED PROFILE

OVERVIEW

FeneVision is a specialist on-premise ERP catering to companies working in the fenestration industry.

It is split into the CORE product, which provides a wide range of functionalities across sales, manufacturing, and optimization processes, and a host of optional, fully-integrated modules that allow users to customize the software to suit their needs.

Their glass optimization OPTI functionality is available as both a fully-integrated module and a standalone piece of software.

FeneVision ERP dashboards are customizable. This gives users a flexible interface to bring together sales, production, and manufacturing. FeneVision ERP software can integrate with all Microsoft programs and many Glass Saw specialized software technologies.
