

HANSAWORLD STANDARD ERP EXTENDED PROFILE

Standard ERP

OVERVIEW

Standard ERP is a software solution by HansaWorld aimed at organizations of all sizes.

The software is suitable for established, mature, and growing organizations looking for a comprehensive ERP system with an integrated CRM module. It is designed to extend software availability throughout an organization while reducing the reliance on interfaces between applications. It is modular, meaning it can be easily tailored to an organization's requirements. Standard ERP also has a series of modules designed specifically for certain industries.

One of HansaWorld's Standard ERP's key features is the eBusiness module, which consists of a real-time web engine that allows users to quickly create websites and update content in minutes. There is also a powerful reporting and analytics tool, with customizable graphical analysis and dashboards to facilitate the exploration of turnover and profitability across the entire business.

The system can be installed on-premise or hosted in the cloud, and it can run on Unix, Linux, Apple OS, and Windows. It is accessible via a web browser on a range of mobile devices. Pricing is based on a per-user, per-month subscription model with additional charges for extra modules.

The screenshot displays the Standard ERP software interface. At the top, there is a navigation bar with menus for 'Standard ERP Info', 'Edit', 'Record', 'Window', and 'Help'. Below this, a sidebar on the left contains various sections: 'Account Classifications', 'Accounting', 'Accounting Profiles', 'Auto-Enterprises', 'Automations', 'Bank Transactions', 'Budget Forward Balance', 'Budget Classes', 'Budget Keys', 'Calculation Formula', 'Electronic Tax Declaration', 'Fiscal Years', 'GL Accounts', 'Income & Expense Book', and 'Liquidity Report'. The main area is divided into 'Personal Productivity' (with icons for Calendar, Mailbox, Tasks, Conversations, Reservations, Simplex, B, Feed Reader, Registers, Settings, Reports, Recycle) and a right sidebar with 'Company', 'Global', and 'Management' sections. The central pane shows 'Standard ERP Personalized' with a search bar and a list of 'Active Sales' items. At the bottom, a 'SAMPLE: Accounts Search' table is visible, showing columns for 'Thrm Date', 'Test', 'Account', 'Name', 'Description', 'Balance', and 'Currency'.

The screenshot displays the Standard ERP software interface. At the top, a menu bar includes 'Standard ERP', 'File', 'Edit', 'Record', 'Window', and 'Help'. Below the menu bar, a status bar indicates the user is 'Sara Johnson' in the 'Navigation Center' for 'Hansawood Sample Company', with the system time 'Tue 9:12 AM'. The interface is divided into several main sections. On the left is a sidebar with various navigation options: 'Account Classifications', 'Account Short Codes', 'Account Transfers', 'Accounting Periods', 'Auto-Declarations', 'Automations', 'Bank Transactions', 'Budget Forward Buttons', 'Budget Groups', 'Calculation Formulas', 'Electronic Tax Declaration', 'Fixed Assets', 'GL Accounts', 'Invoice & Expense Book', and 'Liquidity Report Info'. The central workspace is titled 'Personal Productivity' and contains icons for 'Calendar', 'Notes', 'Conferences', 'Navigation: General Ledger', 'Registers', 'Settings', 'Reports', 'Releases', 'Forms', 'Module', and 'Categories'. On the right is a sidebar with 'SAMPLE: Preferences', 'Presentation', 'Search', and 'New' buttons, and a 'Company Tree' showing a hierarchy of companies. The bottom section features a 'Task List' table with columns for 'Task Date', 'Task', and 'Status'. The 'File Background' button is located at the bottom left.

Task Date	Task	Status
