operational visibility.

Renowned for its adaptability and scalability, Dynamics NAV has evolved within the Microsoft Business Central ecosystem, making it accessible as both an on-premises and cloud-hosted solution.

MICROSOFT DYNAMICS NAV TRANSITION TO BUSINESS CENTRAL

As Dynamics NAV became part of the Microsoft Business Central family, it expanded its capabilities while retaining a similar interface, streamlining the transition for existing NAV users.

BC offers more advanced cloud-based tools and further customization options, differentiating itself with the full spectrum of [Dynamics 365's integration](#).

KEY FEATURES OF D365 BUSINESS CENTRAL:

- **Financial management:** Advanced tools to manage accounting, budgeting, and financial reporting.
- **Supply chain and inventory control:** Efficient inventory and supply chain management for improved operational efficiency.
- **Manufacturing and warehouse management:** Tools to simplify and automate manufacturing and warehouse processes.
- **Project and resource management:** Comprehensive project tracking and resource allocation to maximize productivity.

Business Central includes advanced capabilities like multi-currency support, business intelligence, and enhanced data security measures.

INTEGRATED WITH MICROSOFT OFFICE SUITE

A notable feature of Dynamics 365 Business Central is its integration with Microsoft Office. It works intuitively with Outlook, Word, and Excel, letting users manage tasks directly in app. This integration makes D365 particularly user-friendly for organizations already using MS Office

DEPLOYMENT FLEXIBILITY

Dynamics 365 BC offers flexible deployment options:

- **On-premises:** Allows for full control over data and infrastructure, ideal for businesses with unique compliance requirements.
- **Cloud-based:** Supports remote access and enhanced scalability, appealing to businesses looking for cost-effective growth and maintenance.

The cloud-hosted model includes native iOS, Android, and Windows mobile app compatibility, empowering employees with on-the-go access to Business Central's ERP functionalities.
